Jane Dickson's 'Art From Your Heart' playshops are a fun and relaxing introduction to intuitive painting. As you get out of your head and paint from your heart you will discover how joyful and liberating this creative process can be! No experience necessary.

Originally from Dunnville, Jane Dickson is a self-taught, mixed media artist who loves the magical process of intuitive painting. Her award-winning art has been featured in ArtAscent magazine and is enjoyed in private collections across Canada. Although she discovered her passion for painting while living in BC, Jane has returned to the Niagara Peninsula where she continues to make art and facilitate playshops.
